

MODIFICATIONS TO THE SPORT CODE EFFECTIVE 2007

D-1 The official CMA registration form is designated by Head Office and must be used by every organizer. These forms are the property of the CMA and must be sent to Head Office immediately after the event.

D-4 (a) Participants will enter an event by completing an official CMA registration form. A current CMA licence, valid for the event, must be presented at that time.

Failure to register prior to technical inspection, practice or racing will result in disqualification or fine, at the discretion of Head Office.

J-2 North America Snell M2000 (*effective January 1, 2008 Snell 2005*)

K-8 Motorcycles with permanent Sidecar

Vehicles with three wheels making two or three tracks on the ground in the direction of forward travel, with a permanently attached Sidecar forming a complete integral unit.

If three tracks are made, the centre line of the two tracks made by the motorcycle wheels must not be more than 75mm apart. A track is determined by the longitudinal centre line of each of the vehicle's wheels in the direction of forward travel.

For oval ice racing, the chair must be on the left.

L-1 (b) Supercharging by means of a device of any kind is forbidden. The direct injection of fuel is not considered to be supercharging.

N-15 (a) Organizers must include all classes in their programme in which there are 4 or more entrants.

At their discretion they may include classes which have less than 4 entrants.

With the consent of all riders involved, and subject to minimum and maximum age provisions, they may also elect to move riders up or down for the event, to make up a class.

(b) Event prizes are awarded according to the class structures on the day.

The decision to award points to classes, whether modified or not, is the jurisdiction of Head Office.

N-16 (a) Riders are considered as event “starters” when they have registered and practised in the applicable class.

(b) Event results must be forwarded to Head Office together with the registration forms, immediately after the event.

The results of each class must include the total number of starters, and list each finisher, along with the details outlined on the official results form.
