

GRC takes two more podiums

over September long weekend in Martensville Saskatchewan!

While the weather on Saturday was really windy with Tornado warnings for most of the day and night, Sunday turned into a beautiful Saskatchewan day and perfect for a little racing action to begin. This was one of the largest turn outs for pocket bikes in Western Canada this season with riders from all over Alberta, Manitoba, and even from California. It was an unreal event with the front runners within a tenth of a second apart all the way around the track. As Big Bone said, "throw a blanket over them all and see who comes out in the end."

Grinn and Barrett's GRC Moto Racing team took two Podiums, one 1st place by #13 Brendon Schmidt in the 50cc Open Class.

The other podium was a 2nd Place taken by GRC Rider Elias Fernuik from Winnipeg in the youth 8-10 class. An honorable mention was given to Elias for his 2nd place in the youth 10-14 class, but he was not awarded points as he is only 8 years old.

On a little bit of a sad note four of our fellow PB racers encountered some bad luck on their way out to this event in the form of a near fatal car accident with one of our GRC teammates. Dax Sharples is in stable condition in hospital in Calgary and his three children are at home mending broken bones and some fairly serious road rash. If anyone is in the position to help out to get this family back on their feet and out to the races this help would be greatly appreciated by Dax and his family.

Saskatchewan Mini Road Racing Association collected through the 50/50 raffle and has donated \$460.00.

Grinn and Barrett Motosports will be replacing the damaged bikes for the youngest children.

Anyone wishing to help to get this family of pocket bike enthusiasts back on their feet and back on the track, please contact me at GrinnandBarrett@telus.net.
