Canadian National
Mini RoadRacing Series

PRESS RELEASE

CANADIAN NATIONAL MINI ROADRACING SERIES POSTPONED

April 11, 2007: Round #1 of the Canadian National Mini RoadRacing Series has been postponed due to complications with the official sanctioning for this event. The Pacific Coast Mini RoadRacing Club (PCMRC) has worked hard to ensure a viable venue for the first round of the 2007 season. Despite finding a facility which was available it was simply too late in the game to get all the appropriate paperwork in for a National Event.

PCMRC is looking into the viability of an October event.

The PCMRC are still planning on meeting at the F440 facility from 10 am-2pm. This will be an unsanctioned come and play day, still allowing for riders to partake in the exceptional hospitality that the Vancouver based club has to offer.
